BEES STORE HONEY  
IN HOUSE ATTIC

[INTERNATIONAL NEWS SERVICE] SAN FRANCISCO, Oct.—"I now know how that fellow Midas felt," so laments H. M. Tucker, of 88 San Ramon way. Tucker has suddenly become oppressed because of the sudden possession of great quantities of honey.

He is not a bee-keeper. But one morning he accidentally discovered a great metropolis of bees lustily storing honey in the attic of his residence. He confiscated the honey and asked the bees to leave. The bees, however, have replied to his ultimatum by remaining in the attic. The honey continues to accumulate, and after his family is well supplied, as well as the neighbors, Tucker finds that great quantities of honey still remain. It is too much for him.

**Definition of Suede.**  
This name, given to a kind of undressed kid leather, is simply the French word for "Sweden." The velvet finish is supposed to have originated in Sweden and it was applied at first to kid and not to calfskin. The process of making it involves buffing on an emery wheel the flesh side of the leather, so as to produce a sort of nap or velvety surface. Some makers of leather adopt a different process, buffing or scouring off the grain side of the leather to produce the nap.

**Ominous Beginning.**  
"It's the way you start that decides the course of married life," declares a philosopher. Is that young couple who honeymooned in an airplane destined to be always "up in the air?"—Boston Post.

BABY CHIEFTAIN OF  
SIOUX TRIBE DEAD

[INTERNATIONAL NEWS SERVICE] DRAGON, UTAH, Oct.—Cactus Lone Bear, the two and one-half year old chieftain of the Sioux tribe of Indians, is dead.

Little Cactus succumbed to brain fever at the ranch of his mother, near here. The youthful chieftain was the object of a great pilgrimage of Sioux warriors when he was born, in Casper, Wyo., in February, 1919, and was the recipient of hundreds of gifts from members of the Sioux tribe.

He was named "Cactus" because the late Colonel Roosevelt once said of his father that he "stuck to a horse like a

cactus to the desert." Chief Sam Lone Bear, father of Cactus, is a widely known circus performer.

Doctors Stand Amazed at Power  
of Bon-Opto to Make Weak Eyes  
Strong—According to Dr. Lewis  
Guarantee to Strengthen Eyesight 50%  
In One Week's Time in Many Instances

**A Free Prescription You Can Have Filled and Use at Home.**  
Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope of help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I am now able to read at night without any aid. At night they would burn dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 16 days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work, and without them I could not read my own name on an envelope or the type-writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of

many descriptions may be wonderfully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time. NOTE—Another prominent physician to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mist glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight 50% per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by the leading druggists, including Summer's Pharmacy.—Adv.
